Catalog No. 2      Prices Effective April 1st

# Salina Flower Farms

P. O. BOX 539

SALINA, KANSAS

Greetings to our customers and new friends who receive this catalog. As we enter our second year as owners of Salina Flower Farms, we want to thank you for past orders. We are especially grateful for the tolerance of those who received belated orders because of flood conditions last year. As most of you know we were in that area where there were days and weeks of almost continuous rains. We were unable to get into our fields during a period of approximately ten weeks. We are looking forward to a normal season in 1952 and hope to serve you promptly.

Those of you who received our catalog last year will note the decrease in our listing of Iris. We are endeavoring to drop obsolete varieties and concentrate on the newer and more popular varieties.

Now a word about those orders you expect to be sending us soon. We like to receive them just as soon as possible after you receive our catalog so we can process them ahead of the rush of digging. Plant orders unlike other commodities must be placed ahead of planting time to insure your getting what you want. This is especially important this year when we will run short on many of the more popular sorts.

Our orders are booked as received. First come, first served. No stock reserved for later shipment. Hence, it is recommended that you place your order early and if at all possible give a second choice when ordering. All orders are acknowledged giving the approximate date of shipment.

By the end of this season, we hope to have all our plants moved to our new location near Salina, Kansas. The new location is six miles south, three miles west and one-half mile north of Salina; or, one mile east and one-half mile north of Smolan, Kansas. Our office is located at 129 South 7th, Salina, Kansas. We may be contacted at the office by calling telephone No. 9141. Residence No. is 9110.

We wish all you Iris and Peony lovers could visit us at our new location. Although, not complete, it is very nice.

Kansas sunshine, plenty of rain and rich soil make for plenty of fine healthy roots.

Yours for more beautiful Iris and Peonies.

L. J. BRISCOE

PAUL ANDERSON

### TERMS OF SALE

**GENERAL:** This price list cancels all previous listings and is subject to change without notice.

**TYPE OF ROOTS:** Plants are vigorous and acclimated to this section assuring their success in any garden. Only disease free STATE INSPECTED non-irrigated First Class plants sold. However, please remember that not all varieties have giant sized roots.

**SUBSTITUTIONS:** When sold out of a variety, we substitute with an equally good or higher priced sort unless advised to the contrary. Otherwise, please list several acceptable substitutes.

**GUARANTEE:** All stock guaranteed true to name, of fine quality and to reach you in live and growing condition. If a plant does not grow, claim must be made before October 1, year of delivery. We will either replace or refund your money, our option. Guarantee does not apply to Eupogon (Bearded) Iris shipped in the spring.

**TERMS:** Cash with orders, please. Make checks or money orders to SALINA FLOWER FARMS. Orders \$3.00 and over, shipped POSTPAID anywhere in the United States. Add 35c for postage on orders less than \$3.00

Foreign Customers—sorry, no foreign orders this year.

Residents of Kansas: Include 2% State Sale Tax on all orders.

**MINIMUM ORDERS ACCEPTED**—certain plants must be packed and shipped separately. See paragraph headings of each section where applicable.

**TIME OF SHIPMENT:** Orders filled in rotation received as follows—Eupogon and Pogon Iris—July 15th until ground freezes. Spring until about April 10th. Siberian, Spuria and Misc. Iris—Fall beginning Sept. 15th; spring until about April 10th. Peonies—Fall, September 15th and early spring.

**FREE IRIS:** In addition to pricing our stock low, on orders \$5.00 and over, we will give an additional iris equal to 10% of your order. We select the variety from among our higher priced surplus sorts but you may indicate color preference.

**RESERVATIONS AND FUTURE SHIPMENTS:** All orders booked for shipment as soon after July 15th as possible; orders booked for shipment in order received. Peonies and other items which must be shipped later will be booked for shipment in order received.

## "OUR SPECIALTY FLOWERS"

### DWARF BEARDED IRIS

For the rock garden and along the walks, nothing is so charming as these prolific, suitable hardy sorts which bloom from March until the middle of April (and some even later). Due to the increased interest in these Tom Thumb iris and because many of the newer ones challenge the colorful hues of their taller brethren, we offer the ample color selection below.

Prices Postpaid if total iris order is \$3.00 or more.

**Please give 2nd choice or allow us to Substitute**

- Alinda, 8" EE, wine red, pale blue beard, tops in this color class .50
- Azurea, 3" EE, palest light blue with blue green veins on F; white beard, the 2nd variety to bloom in the spring .40
- Black Midget, 8" M, very dark purple with soot black buds .50
- Blue Mascot, 5" M, chicory self, sweet fragrance, tops, HM .55
- Bride, 10" E, billowy snow white with green veins, ivory yellow beard, very free blooming AM .40
- Bronya, 3" E\*, petite oxblood with much fine cream venation, yellow beard 1.00
- Buzzer, 6", E, somewhat ruffled light blue with a pink flush .40
- Cream Tart, 9" E\*, cream with red dart on falls, orange beard, red veins at haft of S .50
- Cretica, 4", tiny pink mauve 2.00
- Elegence, 6" petite creamy white, very small bloom .40
- Harbor Lights, 6" E, sulphur yellow .35
- Heatherbloom, M\*, heather or hydrangea red \$1.00
- Keepsake, 8" E, bright yellow with orange beard, HM .40
- Little Jewel, 10" E, a brown tan blend, cream gold beard .50
- Little Skipper, 4" EM\*, S-sky gray; F. West Point blue, very choice .75

In the following pages you will find our complete listing of the numerous varieties of iris grouped into section for Dwarf, Intermediate, Tall Bearded, and Re-Blooming. Additional sections for different iris families will also be found as follows:

The **Apogon Iris** includes the Spuria, Siberian and Miscellaneous Iris sections.

The **Subgeneric Hybrids** includes the section we have listed as Miscellaneous Bearded Iris.

#### Iris Descriptions

To conserve space in our catalogue we have resorted to a "code" system of presenting information. Height given in inches follows the name with season of bloom next indicated by letters E-early, M-midseason or L-late. Fragrance denoted by\*. Winners of various Iris Society medals are indicated by HM (Honorable Mention), AM (Award of Merit), DM (Dykes Medal), GM (Gold Medal), and SM (Silver Medal).

For the 100 best iris for the year 1951, see section entitled "Iris Hit Parade" listed elsewhere in this catalog.

Dykes Medal winners are also indicated by being set in larger size type (also see complete listing of these found elsewhere in this catalog).

#### OFFICE LOCATION

We wish to extend to our customers a most hearty welcome and an invitation to visit us at our new office location of 129 South Seventh, Salina, Kansas. We are sharing a location with our sister company, namely Briscoe and Anderson Florists who will cater to local retail florist trade.

## INTERMEDIATE BEARDED IRIS

### APRIL FLOWERING

This group of iris generally come into bloom after the early dwarf iris and some even bloom late into the tall bearded season. The height on these run from 18" to 28" inclusive as this is the currently used classification of The American Iris Society.

To lengthen your iris blooming season, try some of these—the colors are just as bright as their tall bearded brethren. Prices Postpaid if order totals \$3.00 or more; for quantity prices see elsewhere in this catalog.

**Please give 2nd choice or allow us to Substitute**

Yes, sir; We're really puzzled many times for we receive orders for iris and narry a name signed on the order. Or other times we receive an order and no address is given. We have several such orders on file right now and we can't ship the iris.

**Please give complete name and address with every order, please!**

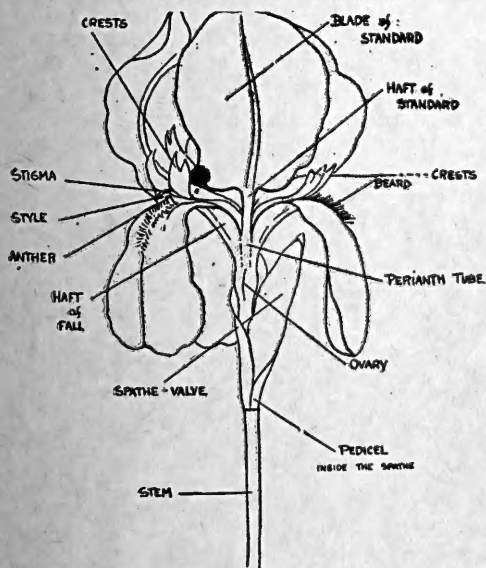

We are proud that for several years we have offered these fine re-blooming iris—iris which in the southern 2-3rds of the country will give two or more crops of lovely bloom. Every year we have picked blooms in the fall until freezing weather sets in.

These iris are hardy as other iris but they should be given a short rest after the spring blooming seasons then watered heavily to produce the succeeding crop of bloom; divide frequently.

For quantity prices see elsewhere in this catalog. Prices postpaid on all iris orders of \$3.00 or more.

- Autumn Dawn, 28" EE\***, ruffled soft pink and yellow blend ..... .35
- Autumn Elf, 18" M\***, S olive cream; lavender F, HM ..... .35

- White Autumn King, 28"**, EE, snow white ..... .35

IRIS BLOOM DETAILS

## HOLD EVERYTHING

Yes, sir! We're puzzled many times for we receive orders for iris and narry a name signed on the order. Or other times we receive an order and no address is given. We have several such orders on file right now and we can't ship the iris.

Please give complete name and address with every order, please!

We have lots of correspondence, more than 3 of us can handle at times. We have to write up these orders, too.

## MISCELLANEOUS BEARDED IRIS

(Eupogocyclus, Eupogorelia, & Misc.)

There is always something new under the sun and particularly in iris. In this group are found the results of crossing two distinct races of Irises to produce heavily veined and netted or marked petals. Through involved breeding and crossing of "Eupogon" and "Pogon" iris we have the "Mohr" family and many other oddities, all of which are perfectly hardy.

These like a dry, sunny location and we have found each one winter hardy if the newly set plants are lightly covered in the late fall.

For quantity prices see elsewhere in this catalog; prices postpaid on Iris orders of \$3.00 or more.

- Beauty Spot, 6" L, deep black red, black beard, HM .90
- Elmohr, 36" M, very large reddish mulberry HM, AM, Dykes

## OFFICE LOCATION

We wish to extend to our customers a most hearty welcome and an invitation to visit us at our new office location of 129 South Seventh, Salina, Kansas. We are sharing a location with our sister company, namely Briscoe and Anderson Florists who will cater to local retail florist trade.

## SIBERIAN IRIS

Easy to grow—every garden should have some of these slender grass-leaved slender stemmed iris. Unsurpassed for flower arrangement and landscape work, they should be planted in clumps. Colors range from white through blues, purples and purple-red.

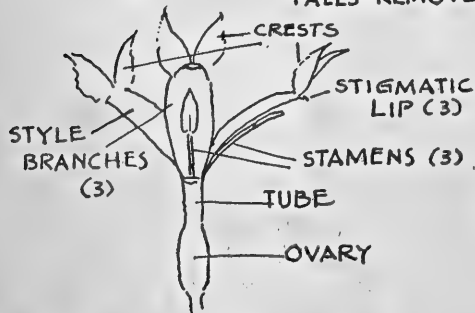

Plants shipped in late September or very early spring. Orders from this section must total \$3.00 or more to be Postpaid (otherwise add 35c for postage), unless other items are ordered to be shipped at the same time.

**Bob White, 28"**, waxy snow white, lemon zone at throat ..... 40

**Caezars Brother, 48"**, intense velvety blue, HM '36 ..... .50

**Gatineau, 36"**, sturdy stemmed clear blue with very large flowers ..... .50

Nationally Advertised  
Order Directly from Us  
(\* Not subject to extra Iris Premiums)

## SPURIA IRIS

The unexcelled cut flower of the Iris family. With leaves resembling the Siberian Iris but much coarser and roots resembling a rooster spur, they form spikes of blooms not unlike gladiolus. They flower right after the peonies.

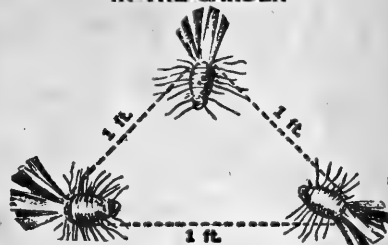

Shipped late in September and October or very early spring.

Orders from this section must total \$3.00 or more to be Postpaid (otherwise add 35c for postage) unless other items are ordered to be shipped at the same time.

- Sunny Day**, gleaming yellow, HM ..... .95
- Yellow Swallowtail**, S-light yellow; F-dep velvety yellow; slow grower 2.75

### SPACING FOR GROUPS OF IRIS IN THE GARDEN

For planting in your garden space as above, by having the toes of the iris pointed inward, the clump will grow with an open center allowing full sunlight to enter. If planting in rows, plant tall bearded sorts about 10" to 12" apart and rows about 18" apart.

### IRIS PLANTING DEPTH

The above shows the average planting depth for Iris in climates of average rainfall—for greater rainfall areas, plant more shallow—for lesser rainfall areas, plant deeper.

Please give 2nd choice or allow us to Substitute

# WINNERS OF IRIS DYKES MEMORIAL MEDAL

Due to the many inquiries we have regarding the Iris Dykes Medal Winners of the past years, we offer the information given below assembled from bulletins of the American Iris society.

All varieties, except one (Margot Holmes—not hardy with us) are now growing in our gardens.

The Dykes Memorial Medal, instituted in 1926 to commemorate the work of the late W. R. Dykes in "advancing appreciation of the iris," has been awarded to outstanding varieties in England, France, and America. The method of choosing a Dykes Medal Winner in England is quite different from the system followed by the American Iris Society for the American award. In England the medal is awarded to a new seedling, while here it is chosen from Award of Merit winners of a three year period. The following awards have been made to date (where no variety is listed no awards have been made in that year):

## America

1927 San Francisco  
1929 Dauntless  
1932 Rameses  
1933 Coralie  
1935 Sierra Blue  
1936 Mary-Geddes

# Iris Hit Parade

Below, we have presented in condensed form, the results of recent American Iris Society Symposiums. The Symposium is a ranking of iris by American Iris Society judges throughout the U. S. A. and Canada based strictly on the popularity of the variety regardless of color, performance, etc.

## American Iris Society Symposium Numerical Ranking

Yr. 1951	Variety and Year of Introduction	Year 1950	Year 1949	Year 1948	Year 1947	Year 1946	Year 1945
1	Blue Rhythm, '45	2	5	6	13	44

**NEW BOOK ON IRIS**

2nd Edition

**The Iris - An Ideal Hardy Perennial**

the fancier there is the botanical background of the irs family, a chapter on genetics, the mechanics of pollination, and suggestions on hybridizing. For everyone there are notes on diseases and pest control, flower photography, Dykes Medal irises and many valuable lists of the better varieties. Well illustrated. Price of permanent cloth binding \$2.50, or heavy paper binding \$1.50. They make excellent gifts for your friends. Order direct from us.

A big 226 page book packed with iris lore, this interesting book written by sixteen outstanding experts will add to your enjoyment of iris growing. For the beginner there are notes on how to keep them in good health and how to use them effectively in the garden. For

**A TYPICAL IRIS RHIZOME**

(Tall Bearded Variety)

Here is a sample of an iris rhizome as they grow in the fertile Kansas soil. Of course, when the roots are dug and made ready for shipment both tops and rootlets are trimmed to eliminate moisture evaporation while in the packing box

If roots appear somewhat dry, it is no cause for alarm for iris rhizomes at time of digging have gone temporarily dormant much as tulip bulbs do when they are dug.

# PEONIES

Unsurpassed as cut flowers these fine perennials can also be used for landscape purposes. Season of bloom indicated by E—early, M—Midseason, or L—Late; fragrance by \*, number immediately preceding color description is the American Peony Society rating based on 100 as a perfect flower. Shipments begin Sept. 20th—shipments made in spring until about April 1st.

Minimum Peony order accepted \$3.00—prices POSTPAID. Strong 3 to 5 eye, disease free, hand-dug roots furnished.

<b>Honeycomb, 30" ML,</b> small golden yellow pompon .....	.35

## JOIN A FLOWER SOCIETY

Every true flower lover will enjoy the quarterly bulletins (or yearbooks) published by the separate societies, each containing a wealth of information on their favorite flower. In addition there is the close contact with a group of people interested in your own hobby.

Many of the societies sponsor flower shows, annual meetings or conventions and garden club tours. Annual memberships are as follows:

\*American Iris Society, Quarterly Bulletins, \$3.50

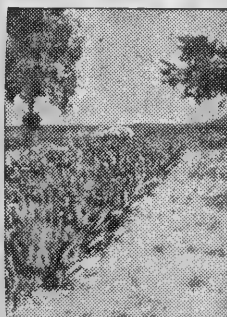

\*American Peony Society, Quarterly Bulletins, \$5.00.

American Horticultural Society, Quarterly Bulletins, \$5.00 (\*if you are a member of American Iris Society, then dues are \$3.50).

**Membership Offer**—With every \$20.00 order of stock we will pay 1-2 the cost of any membership above marked with \*. Merely include remittance for your 1-2 share cost of membership and indicate on your order which membership you desire. Offer good for new members only—no renewals.

All checks for membership may be made payable to "Salina Flower Farms" and we will forward direct to society concerned.

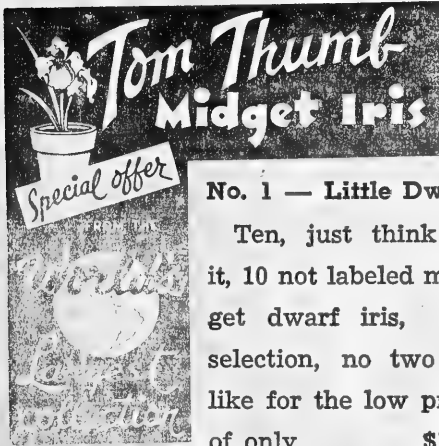

## IRIS IN THE FIELDS

Here is a typical iris row as seen growing in the nursery fields. Strong hardy plants sure to give you lots of fine bloom. For a long season of bloom, select some from dwarf, interme-

mediate and tall bearded varieties. We have also had reblooming iris in bloom for 7 months out of a year.
